Beautiful flat plot for sale in Murla - Beautiful appointed rustic plot of 13.151m² between Alcalali and Orba. The maximum allowed occupation is 2% of the plot size. Great plot to build your own dream house. The plot is southwest facing with great views towards the Coll de Rates and los Gemelos in Murla. Tucked away between orange groves and it even comes with a small forest which is great to have natural shade in the summer. Water and electricity are nearby and easy to connect with. This is definitely one of the best rustic plots in the current market.
