N/A

14,000m²

N/A

14,000 sq. m of land currently under cultivation, located between Albatera and San Isidro. It is very well connected to the highway to the coast, the airport, and the cities of Elche, Alicante, and Murcia.

This land has water and electricity connections, is "fully" fenced, and "also" has the "structure" to "finish" a "house" that "has" already "started". A perfect place for nature lovers, yet with all "the" services "needed" for "daily" life.
