Villa in Dolores

€420,000

3	3	144m²	153m²	✔

The eight houses are designed with a robust and modern structural foundation, featuring a reinforced concrete slab and walls made from reinforced concrete for enhanced stability and durability. The unidirectional structure, formed by pillars, flat beams, and reinforced concrete joists, offers both strength and functionality. The double hollow brick enclosure, equipped with an internal chamber and insulation panels, ensures excellent energy efficiency and comfort within the homes. Inside, the homes are beautifully finished with smooth paint on walls and ceilings, creating a sleek and contemporary atmosphere. The exterior cladding is adorned with natural stone, providing an elegant and durable facade. Bathrooms and kitchens feature false plaster ceilings, while the
