Unique opportunity in the historic heart of JÃ¡veaWe present this very interesting property composed of two independent fincas, located in one of the most emblematic streets of the old town of JÃ¡vea. A combination with character, potential and multiple possibilities for development. The first property consists of a 400 m² building distributed over five floors, with great presence and in excellent structural condition. Ideal for converting into apartments, coworking spaces or as part of a high-profitability residential-urban project. The second property, annexed, has 2,200 m² of land, on which 2,000 m² are currently built for warehouses. This space offers enormous potential for transformation, whether as a residential area, flat complex,...(Ask for More Details!)
